

This door kit consists of 1 Door, with Barrel Lock and Cam Fitted + 2 keys
2 Nylon 'Scrivets'

SCRIVET

- A. Push the 'Scrivets' bases into the holes in the front flanges of the rack
- B. Push the Screw through the hole in the door. Support the door in the open position Then offer up & align it with the hole and tap it in the screw as shown. Repeat this with top Fixing.

The Door can be easily removed by unscrewing the 'Scrivets'
