

ASSEMBLY & MOUNTING INSTRUCTIONS FOR THE BENCH TOP RACK WALL BRACKETS

Your kit has 1 Bracket
4 Shouldered Bushes
4 M4 Cap Head Bolts
4 M4 Serrated Flange Nuts

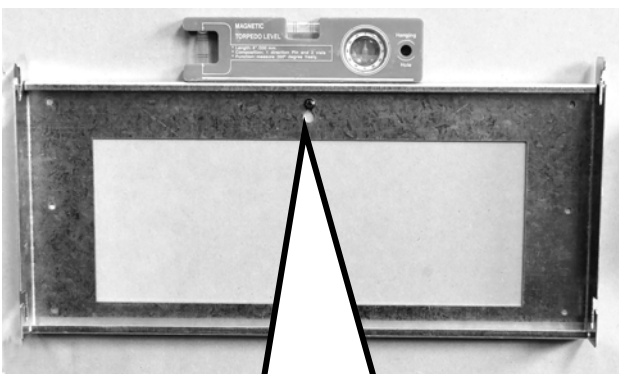

Fit the 4 Shouldered Bushes into the 4 **inner holes** at the back of the assembled rack.

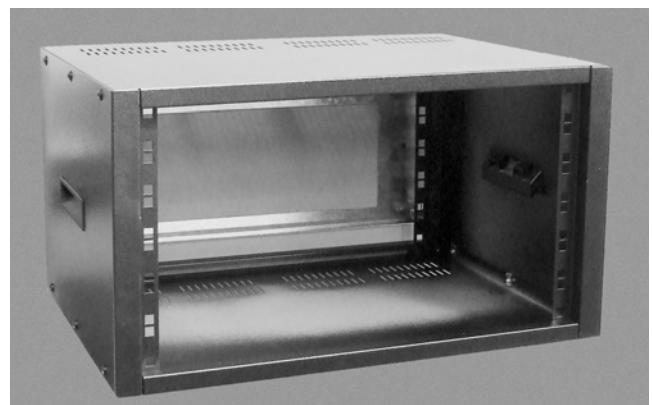

Align in the centre of the slotted holes & tighten using the Allen key provided

The above picture shows the 4 bushes in position.

Fit the bracket to the Wall using the centre hole. Level the bracket and then fit the other 6 screws.

Finally offer the rack up to the wall bracket - once engaged, let the unit drop down & lock in place, as shown.

RACKZ DOES NOT ACCEPT RESPONSABILITY FOR THE STRENGTH OF WALL ATTACHMENT FIXINGS
